

STADIUM LOCKERS

Key Features

Dimensions: 24" Wide x 18" Deep x 72" High

Footlocker: Measures 14" high and provides roomy lockable storage compartment for boots and more, doubling as a heavy duty bench seat. Includes highly secure padlock hasp with strike plate, continuous hinged lid, rubber bumpers mounted at contact points, and vents for air ventilation

Security Box: Convenient lockable box offering secure storage of electronics and small valuables. Measures 12" high and includes strong 14-gauge door, heavy duty hinges, and continuous doors strikes. Accepts built-in locker locks and padlocks

Recessed Handle: Security box features stainless steel recessed handle with hasp makes prying nearly impossible

Coat Rod: Full width heavy duty rod for hanging clothing and uniforms

Shelf: Full width upper shelf includes half-width lockable security box locker

Hooks: Two heavy single prong wall hooks come attached to back panel

Body Construction: 16-gauge welded channel frame construction for superior rigidity and durability

Body Style: 16-gauge diamond perforated sides with 16-gauge solid steel top, bottom and shelf

Bottoms: Includes two reinforcement channels welded underneath for strength and longevity

Handle: Attractive stainless steel recessed handle. Recessed handle protects finish from being marred by padlocks and is catch free, eliminating protrusions from the face of the box door

Powder Coated: Premium paint process that provides a durable, attractive and scratch resistant finish

Lock Options: Security box accepts multiple locker lock options including built-in combination locks, combination padlocks, built-in keyed locks, keyed padlocks, coin locks and digital locks.

Footlocker accepts combination or keyed padlocks
